

## Police Look For Hit, Run Driver At Hondo

Two persons were injured in a car-motorcycle hit and run accident on Highway 90 in the Hondo city limits Sunday night. Lewis F. Morgan, driver of the motorcycle, and his wife, Joyce, 18, were taken to Medina Hospital where it was announced that Morgan was suffering from a broken left leg and a cut on his hip while his wife suffered a broken left foot. Both persons were suffering from shock, cuts and bruises.

A state-wide alarm is out for the driver of the other car, a light colored Buick, model unknown. Witnesses said the car was somewhere between a 1948-51 model.

Morgan, an airman third class at Lackland Air Force Base in San Antonio, was driving his motorcycle east on Highway 90 when the car turned directly into his path, chief of police Orby Swartzell said. The car stopped for about 30 seconds and then headed out the Air Base road, witnesses recalled.

The accident, which occurred

about 7:45 Sunday night, was just east of the Air Base road and Highway 90 intersection. The motorcycle received an estimated \$25 damage in the accident. Morgan is 20 years of age.

### Brakes Grab

Another accident, on Ave. O about 50 feet south of 20th St. Sunday night about 8:15, caused an estimated \$75 damage to one car and \$250 to another.

James Carol Timmerman, 17 year old Hondo youth, said the brakes on his father's 1953 Mercury grabbed as he tried to make a right turn and pulled him into a parked 1955 Buick owned by Bob Nations. Timmerman was traveling north at the time of the accident.

Nations' Buick received the \$250 damages, Swartzell said.

## To Hold Fiesta

The American G I Forum Auxiliary of Hondo has cordially invited everyone from Hondo and surrounding communities to the May 4 and 5 Fiesta on the platform on Highway 90 at Hondo.

The Fiesta will begin May 4 at 8 p.m. with a dance which ends at 12:30 p.m. Tony Molina and his orchestra, will furnish the music. Admission is gentlemen \$1.25, and ladies, free.

At 6 p.m. May 5, the principal program will get underway with Gregorio Pedroza Jr. as master of ceremonies. First occasion on the program will be the march of the young ladies, led by Eloiza Torres. Introduction of guests from D'Hanis, Sabinal, Uvalde, Natalia, Lytle, Pearlsall, Yancey, Castroville, Seguin and Hondo will then be held.

Miss Torres will then lead a group of girls in singing the Mexican National hymn. The trio of Pabos Reales will offer several selections, followed by a square dance by a group of students from Guadalupe school. Juan Reyes will sing several songs, the "Star Spangled Banner" will be sung by the same group of girls who performed earlier, and a tribute to the American flag will be given by Tony Garcia Jr.

The most beautiful girl of all delegates present for the Fiesta will be chosen and will reign over the May 5th activities. She will be crowned by Maria Sanchez, president of the Hondo American G I Forum Auxiliary. To end the program, Jesus Arcos and his orchestra will play for a dance. Admission is \$2 for gentlemen and ladies free. All delegates will meet at 1610 17th St. in Hondo.

Forfeited lands to be offered for sale in East and Northeast are in Lamar, Red River, Hopkins, and Rusk Counties.

In Central Texas, forfeited tracts are in Erath, Comanche, Brown, Hamilton, Coryell, Lampasas, McCulloch, Williamson, and Bastrop Counties.

Upper Valley lands are in Bexar, Medina, Karnes, Frio, Zavalla, Maverick, and Dimmit Counties.

Hidalgo and Cameron are the only two counties in the Valley with forfeited lands.

In West Texas, tracts will be offered in Presidio and Culberson Counties, and in the Panhandle in Oldham County.

Any one desiring information about the sale may contact the Veterans' Land Board in Austin, Land Commissioner Earl Rudder said Monday.

## Church To Hold Dinner

A kick-off dinner, launching a solicitation program for funds to build the proposed educational building, will be held at First Methodist Church in Hondo, Monday evening, May 6. Attending will be personnel of the solicitation program consisting of the section and division leaders, team captains, lieutenants serving under these captains and husbands and wives of these workers.

O. A. Fly, Ash Gilliam and Bill Holloway are in charge of this endeavor and serving as team captains are Bob Nations, Paul Bybee, Henry Muennink, George Gilbert, Mrs. Richard Reilly, Mrs. Barnitz Carle, Alfred Brucks, Franklin Wiemers, Vernon Grunewald and L. J. Leinweber.

Speaker for the dinner will be the Rev. James F. Stone, pastor of Asbury Methodist Church of Austin. Reared in Taft, the Rev. Stone attended Southwestern University, Louisiana Tech and SMU where he received his BD degree. He was a student associate pastor at Highland Park Methodist in Dallas while attending Perkins School of Theology.

He served pastorates in Louisiana before going to Three Rivers as pastor and then to Asbury in Austin. In the three years he has been at Asbury, the church has grown from a membership of 254 to 700 with average church school attendance increasing from 136 to 325.

## Land Up For Sale By Board

AUSTIN (Sp) — Fifty tracts of land, mostly in Central Texas and the upper Valley region, will be offered for sale on June 6 by the Veterans' Land Board.

Forfeited earlier by the Board because purchasers were not keeping up payments, the lands total 3,003.44 acres. They are located in 25 Texas counties.

Nine of the fifty tracts offered are in Medina County, just west of San Antonio. This is the largest county offering. Nearby Zavalla County has five of the forfeited tracts.

The extra money, voted by the City Council last Thursday night, will go toward better health and sanitation at the city's dump grounds. Mayor T. B. Knopp told the Council something had to be done to control flies at the dump grounds.

A \$9,000 tractor has been purchased to fill trenches full of garbage each day. The city has

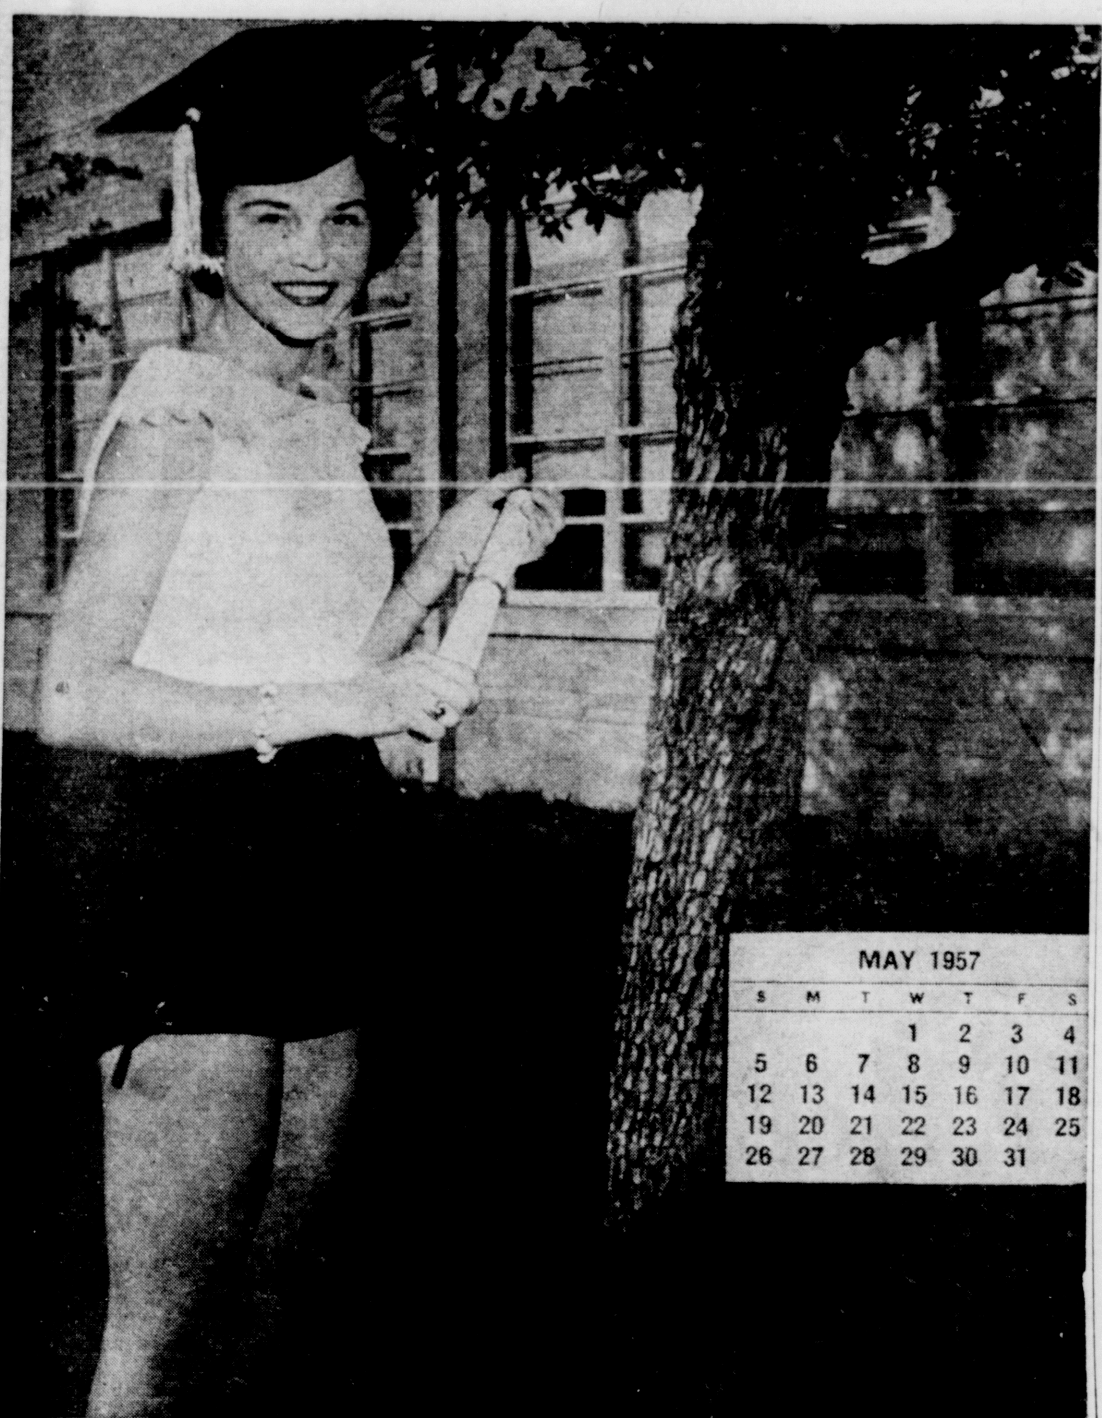

an ordinance, which will be enforced, stating that it is up to a \$100 fine to dump trash anywhere but the designated dumping grounds which is presently located on the Vandenberg Road, about one and one-half miles north of Hondo.

Orby Swartzell, police chief, will make sure no one dumps trash along roadways or at the Hondo Air Base dump grounds.

The Council placed \$3,000 down payment on the new loading machine, and will pay the rest in 18 monthly installments. The first payment will be \$339 with the other 17 being \$333. Six per cent interest on the balance will also be added on the monthly payments.

Homer Wilson, head of the Water, Sewer and Garbage Department, said he needed the

# County Wildlife Benefit From Recent Rainfall

**CALENDAR GIRL** — Miss Connie Scheweers, 18 year old daughter of Mr. and Mrs. M. F. Scheweers, Hondo, poses as Calendar Girl for the month of graduation, May. Mothers' Day falls on May 12 and Memorial Day is May 30. Other dates of interest include Armed Forces Day May 18, and the end of the Civil War, May 26. Miss Scheweers was drum major of the Hondo High School Band this year, chosen best all-around girl of the student body, prettiest girl of the senior class, and was captain of the basketball team. She has been an officer in the FHA for two years.

Staff Photo

## New Quail Available

Medina County wildlife has been greatly benefited by recent rains. Deer country is in the best shape since 1948, according to August Timmerman, State Game and Fish Warden.

Timmerman said deer harvested in 1957 should be the best in several years but that it would be several years, or at least two years, before Medina County is back to normal in deer harvest. Many deer were lost in the past two years, most of them fawns, and last year, 1956, fawn survival was low in some areas.

Medina County has again been placed under regulatory powers this year, and a public meeting will be held in the near future to set game laws in Medina County. Timmerman attended a meeting Thursday in Fredericksburg with all wardens and biologists working in this region to try to work out a uniform set of regulations that can be submitted to the public. Timmerman said he did not know whether Medina County would have an antlerless deer season this year or not.

### Fish Available

The Game and Fish Commission will put out a lot of fish this fall since most tanks in the county are full of water. Anyone needing fish should drop by Timmerman's home in Hondo and fill out an application blank.

Also on the Game Department's agenda is the restocking of bob-white quail in this area this year. Birds are priced at 50 cents each and a permanent habitat will have to be worked up by the individual. Soil Bank land, Timmerman said, can be turned into quail habitat very easily. Game is the only crop that can be harvested from Soil Bank land and could be very profitable in this county.

The Department of Agriculture will pay part of an establishment of an annual food plot for wildlife. Anyone who is already under one government program, can have that program amended by dropping by the Soil Conservation Office, Timmerman said.

### New Quail

A new kind of quail has been introduced in this area. They are Coturnix Quail from Asia and Japan, and are an arid land bird. They should have done well in Medina County for the past seven years. Fifteen pair have been released on the Richardson Ranch south of D'Hanis and W. T. Hardy will release another 15 pair in this area. They are smaller than bob-whites and are very prolific.

Grown birds at six weeks of age, they are laying eggs when only eight weeks of age. The birds are banded and if one is killed during quail season (Dec. 1 through Jan. 16), be sure to return the band to Timmerman so migratory habits can be studied.

Timmerman said Medina Lake was within 59 feet of the spillway and was still rising some. He said that was as much water as had been in the lake for the past 17 or 18 years. Medina Lake is 152 feet deep at the spillway.

## Rain Hits County Again

Medina County rains again soaked up the soil this week as more than three inches fell in most communities.

The Settlement community and LaCoste both received three inches during the week while Rio Medina reported 4.57 and Hondo 3.21. Biry received an additional 1.40 inches. Quihi reported from 8-10 inches in one week's time.

High winds were also reported at Biry between 11 and 12 p.m. Friday. Only damage reported was to a garage owned by Joe W. Wernette and to a chimney on the Wernette home. Wind took the roof off the garage and destroyed the chimney.

Rainfall in Hondo this year has already approached that of all year last year. Last year, Hondo received 14.82 inches while rainfall for 1957 has been 12.22 inches, through April. Rainfall amounts for 1955, 54 and 53 were 21.31 inches, 11.92 inches and 20.52 inches, respectively. Fifty-five year average in Medina County is 28.51 inches.

Wettest year during that time was 1935, when 58.73 inches of rain fell in Hondo. The driest was 1954.

Highest temperature during April was 88 degrees on two days—April 3 and 8. Low reading was 40 degrees, also taken on two days, April 13 and 14. Total rainfall for Hondo during April was 7.70 inches.

## THE WEATHER

	H	L	Rain
April 24	85	61	0.09
April 25	79	65	0.00
April 26	80	60	1.13
April 27	67	58	0.93
April 28	69	59	0.37
April 29	81	55	0.67

Highest Tem. for April			88 degree on 3rd and 8th.
Lowest Tem. for April			40 degree on 13th and 14th.

## Herald Wins Four Contest Prizes

The Anvil Herald took four prizes at a meeting of the South Texas Press Association in Sar Antonio last weekend.

Placing in every event entered, the Herald took second in Community Service, with thirds in column writing, editorial writing and agricultural promotion.

Mrs. Bill Berger was credited with the column, editorial and most of the community service.

Ralph Cole and Mrs. Billie Stevenson shared in the agricultural award.

## VFW Tourney Set For Saturday

The VFW marble program, which started in March, is now in the school playoff stage. Ernesto Valenzuela, son of M&M Tamon Valenzuela, 1204 Ave. R, a 13 year old seventh grade student, is the Guadalupe school champion and Billy R. Freeman, son of M&M Harry Freeman, 1206 25th St. is the St. John's school champ.

Playoffs at Lacy school are still in progress. The three school champs will meet at Lacy school Saturday, May 4, at 2 p.m. in a tourney for the city title. Official VFW Marble Champion medals will be awarded. The public is invited and admission is free.

Saturday's winners will enter the district competition at the Del Rio tournament on May 19. Winner of this contest will meet statewide competition at Austin on June 8.

Winners from 40 states will meet at Seattle, Wash. June 20, 21 and 22, to determine the national champ. This event, now in its 10th year, is an outstanding affair, with press, newsreel, television and radio coverage as well as valuable awards to participants.

**WATCH** — Young and old alike watched for a rise to come down the Hondo Creek last Wednesday morning. The Creek was reported on its biggest rise in the past decade.

## Garbage Fees Up

The next time Hondo citizens pay their garbage fees for residences, it will be 25 cents more, or \$1.25. And, it's all for the benefit of the private citizen.

The extra money, voted by the City Council last Thursday night, will go toward better health and sanitation at the city's dump grounds. Mayor T. B. Knopp told the Council something had to be done to control flies at the dump grounds.

A \$9,000 tractor has been purchased to fill trenches full of garbage each day. The city has

an ordinance, which will be enforced, stating that it is up to a \$100 fine to dump trash anywhere but the designated dumping grounds which is presently located on the Vandenberg Road, about one and one-half miles north of Hondo.

Orby Swartzell, police chief, will make sure no one dumps trash along roadways or at the Hondo Air Base dump grounds.

The Council placed \$3,000 down payment on the new loading machine, and will pay the rest in 18 monthly installments. The first payment will be \$339 with the other 17 being \$333. Six per cent interest on the balance will also be added on the monthly payments.

Homer Wilson, head of the Water, Sewer and Garbage Department, said he needed the

# Council Will Keep Telephone Rates

The Hondo City Council, meeting in regular session Thursday night, voted to allow the Southwestern Bell Telephone Company to keep the 10 cents rate on local pay telephone calls.

C. C. Bradshaw, district manager of Southwestern Bell, met with the Council. He said he had two more towns signed up since he was in Hondo at the last Council meeting April 11. He said Poteet and Carrizo Springs were ready for the 10 cent coin.

"I don't believe the city will be embarrassed if they go along with us," Bradshaw said. "It won't be too long until it will be in good shape. We want to go forward on it."

Council members still agreed Bradshaw told them in a December 1955 meeting, that the 10 cent telephone rate on local pay calls, would not go into effect until it was state-wide. The rate hike went into effect Nov. 23, 1956.

"I don't believe semi-public telephone owners are dissatisfied," Bradshaw told the Council. "I think it would be very bad on everyone to go back and start over again."

The ten cents local telephone

"I beg you not to rescind your order tonight — I think it would be unwise to jump back and forth," Bradshaw concluded.

The Council, after much discussion, voted unanimously to keep the 10 cents telephone call in effect.

The ten cents local telephone

## Committee Names Three Men

Meeting in Hondo Friday night, members of the county hospital committee selected three of their members to pick an architect for a proposed new hospital for this area.

Serving in this capacity were O. A. Fly, B. D. Bomba and L. E. Pope. The preliminary costs of the architect's fees have been underwritten by a group of men from all parts of the county.

The Commissioners Court of Medina County has agreed to accept the architect chosen by this three-man committee.

## Local Man Found On Home Floor

A Negro man, who was at first presumed dead, was found on the floor of his home on 15th St. in Hondo Sunday.

The Sheriff's Department said Ernest Fullmore, 71, had been lying on the floor for an estimated two days and nights. He was removed to Medina Hospital.

Neighbors, after missing Fullmore around his home, telephoned the Sheriff's Department.

## Local Band Will Give Concert

Hondo High School Band's biggest event of the year takes place at 8 p.m. Friday night, May 3, in the high school auditorium when the annual Parade Music Concert is presented.

Free bands, making a total of 10 students, will play a wide variety of music and climax the program with a stage show featuring music, comedy and the new version of such famous vocalists as Elvis Presley, others.

The Senior Band's program includes marches, overtures, waltzes, and will feature soloists — Ramiro Yberra, Richard Morris, bass; Richard Corder, saxophone. Admission is 25 cents for students and 50 cents for adults.

**POOLS** — Hondo Creek flooded parts of highways, making closed to through traffic

early last Wednesday. The Creek was reported to be on an 18 foot rise but went down about as fast as it came up. Drift fences all along the creek.

## SETTLEMENT NEWS

By Mrs. R. H. Bayer

M&M Erwin Biediger, Kay and Vickie Ann, and M&M Wilfred Moehring were supper guests Sunday evening of M&M Hugo Naegelin and Frances at Rio Medina.

Mrs. J. M. Horecka and children James, Donnie, Dorothy and Barbara Ann and M&M Forrest Horecka of Hondo, left Friday afternoon for El Campo to visit relatives and friends. Mrs. Horecka met her old school mates she had not seen for over 25 years but time was too short to talk very long.

They went fishing at Palacios and caught some good sized fish. On their way back, they were close behind a head on crash in which two persons were instantly killed. The Horecka boys helped put the bodies into ambulances. On their way home, they stopped at Hallettsville to visit Mrs. Horecka's sister and husband, M&M Alvin Appelt, then returned home Sunday evening. They saw lots and lots of rain all the way, but reported a nice trip.

M&M R. H. Bayer, Carmen, Ralph and Dorothy, Louise Dobroth, Janice Domseth and Carolyn Bendele visited the Horecka family Friday a week ago.

M&M Harvey Haby and sons of San Antonio visited in the Allen Haby home Sunday.

Ralph Bayer was at Alice Saturday from this district on the soil judging contest in which the Castroville-LaCoste boys got Second place. They were in plenty of rain there and saw water everywhere.

M&M R. H. Bayer and children, Louise Dobroth, Janice Domseth and Carolyn Bendele visited M&M J. D. Schweers Wednesday evening.

M&M Stanley Jagge visited M&M Jimmy Burell and daughter Sunday evening, while Carolyn Jagge spent the weekend with Yvonne Tondre.

M&M R. H. Bayer, Carmen, Janice Domseth and Louise Dobroth visited M&M Rudolph Posch Friday afternoon.

M&M Louis Schneider and family visited with M&M Elmer Biediger and Shiela, and Adolph Biediger and Raymond Sunday.

M&M R. H. Bayer, Carmen, Ralph and Dorothy, Louise Dobroth, Janice Domseth and Carolyn Bendele visited M&M Rudolph Krenmueller in Hondo Thursday evening.

M&M Erwin Biediger, Kay and Vickie Ann, and M&M Wilfred Moehring visited M&M Elmer Biediger Monday.

To show the Idaho girls, Louise Dobroth and Janice Domseth,

some more of Texas, M&M R. H. Bayer, Carmen, Dorothy and Carolyn Bendele drove to Medina Lake Saturday for a sight seeing trip.

Mrs. William Wengenroth and Mrs. Philip Haby visited with Mrs. Elmer Biediger last week.

During the past week, we had another 3 inches of rain. Its getting so wet in places that large earth worms are seeking higher ground.

## KILGORE'S CAPITOL COMMENT

By Joe Kilgore

## Highlights and Sidelights FROM Your State CAPITOL

AUSTIN, Tex. — Worst drought in Texas history is broken. After seven pinched years farmers look out over soggy fields and talk of "bumper crops."

But the troublesome drought had a troublesome end. Tornadoes, cloudbursts, hail and floods brought loss of lives and property damage in the millions. Spring planting is reported far behind schedule in many areas. In others, washed-out fields will have to be re-sown. And despite the deluge, some dry pockets were noted by agriculture officials, notably in far West and Southwest Texas.

But most reports reflect sober optimism. J. E. Sturrock, manager of the Texas Water Conservation Association, warned that the next drought, probably in 15 years, will be worse unless precautions are taken now. Water must not be allowed to race off into the Gulf, he said.

And Agriculture Commissioner John White issued a comment not heard in years. He said the fields "needed sunshine."

### FOR NEXT TIME

As rain fell in sheets and rivers boiled over into the bottoms, lawmakers debated how to build a bulwark against future dry spells.

Water program sponsors contended an earlier conservation program might have prevented much of the flood devastation. Plan for a \$200,000,000 fund to help local districts build conservation projects was approved by the House in final form. But Senate opposition slowed progress of another proposed bond issue which would allow state to buy storage space in federal reservoirs. It was cut from \$200,000,000 to \$100,000,000.

### BEAT THE CLOCK

Time is now the main enemy of an unpassed bill in the Legislature. Any measure that gets caught on the smallest parliamentary snag is likely to die there in the stampede to finish. During the next week legislators can be expected to show their ingenuity in creating snags. Some favorite devices are sending measures from one committee to another, to subcommittee or loading them with controversial amendments. In the Senate, of course, the old reliable is the filibuster which forces other members to give up so they can get on to other things.

Matched against this foot-dragging will be the furious efforts of bill sponsors to "beat the clock." Seasoned observers now are looking for adjournment of the Legislature about May 17. Appropriation bills will be the determining factor, and principally the teachers pay bill. If it looks as though no satisfactory agreement can be reached, or that a tax bill is necessary after all, lawmakers may throw in the towel and go home on May 1, looking to a special session to iron out those knotty problems.

### SEGREGATION FIGHT DUE

House-passed segregation bills moved forward in the Senate, but still face a filibuster threat. Five of the nine bills were sent from Senate State Affairs Committee to the floor. Three two senators, Henry Gonzalez and Abraham Kazen Jr., say they'll fight as long as their breath holds out. A large but orderly crowd attended the committee hearing. House sponsors and a spokesman for Former Gov. Allan Shivers' advisory committee on school segregation spoke on behalf of the bills. Representatives of various church groups, organized labor and several Negroes spoke against them.

### REORGANIZATION ANGLE

Insurance Commission reorganization hung by a thread for days, but apparently is to be thrashed out in a House floor fight.

State Affairs Committee tied 9-to-9 on whether to bring the bill out of its subcommittee. Chairman Bill Healy tipped the scales with a "no." Then renewed pressure from Governor Daniel brought a promise from subcommittee chairman Obie Bristow to report out "some kind" of reorganization bill. But, Bristow observed, he couldn't see what the two bills under consideration would do except throw the present commissioners out of office. Governor Daniel has strongly urged starting over with a "clean slate." He reportedly has said he will call a special session if a reorganization bill isn't passed.

### COMMISSION, COKE BATTLE

Physicians Life & Accident Insurance Co. and the Board of Insurance Commissioners have locked horns in court.

Commission has revoked the license of the firm headed by Former Gov. Coke Stevenson. It charged the company with being fraudulently organized, illegally operated and insolvent. It obtained a court order temporarily restraining the firm from doing business.

Company countered with a suit to restrain the commission from interfering with its operation. It blamed its insolvency on a Commission-approved contract by which Physicians bought worthless assets through the state liquidator. It termed the Commission action "capricious, unreasonable, arbitrary."

### NATUROPATHS ASK HELP

Texas Naturopathic Association has asked Governor Daniel to help clear the confusion surrounding their right to practice.

Law passed in 1949 creating a board to license naturopaths has been declared invalid in court. Efforts to get new laws touched off the legislative bribery charges and investigations.

Governor Daniel said he would ask for an attorney general's opinion.

Meanwhile, naturopaths have been coming in batches to talk to the Travis County grand jury. Some had charged publicly that money had been "extorted" from their association to stave off unfavorable legislation. TNA President Howard Harmon said he doubted there was enough evidence to convict anyone.

### SHORT SNORTS

Toppled by Senate committee was the bill to prevent "loss leader" advertising by retailers. Small grocers had pushed the measure to ban limited sales of below-cost items. A new House member, Rep. Harold H. Coley, 35-year-old Conroe radio man, took office for the session's waning weeks. He replaced James E. Cox. Speaker Waggoner Carr was praised and piled with gifts from fellow members and constituents on Speakers Day. Senate President Pro Tempore Otis Lock is to receive customary "governor for a day" honors Friday. His office places him third in line to the governorship. Portrait of Lt. Gen. Ernest O. Thompson is to be painted and hung with those of other notables in the Senate chamber. Texas Independent Producers and Royalty Owners will honor Thompson on May 22 with a silver plaque marking his 25th anniversary on the Railroad Commission. Senate confirmation of J. M. Patterson as chairman of the Board of Control and 86 others wrapped up Former Gov. Allan Shivers' long list of interim appointees — all approved.

### Here In Hondo

M&M Louis Geuea spent from Friday until Wednesday in San Antonio, visiting in the homes of M&M Homer Leinweber and son, Timmy, M&M George Goff and son, Kelter, M&M Gus Thoms Sr. and M&M Roy G. Dailey. While there, they attended the Holiday on Ice show.

## TAX FREEDOM HOLIDAY

## Now There's a Bill!

The average tax payer can readily identify himself with the significance of National Tax Freedom Holiday, May 10—for the average person has had to work until May 10 of 1957 just to earn enough to pay his taxes for the year! His income for the rest of the year can now go to supporting his family.

But, at long last, a step in the right direction has been taken in Congress toward reducing the steeply progressive high tax rates which penalize success, stifle incentive, block venture capital.

Rep. A. N. Sadlak, Conn., has introduced a bill which would reduce the first bracket rate — paid by all tax payers — from the present 20% to 15% of net income. The top surtax rate would be reduced from 91% to 42%, with other surtax brackets reduced in proportion, over a five-year period.

Now that there actually is a bill in the legislative hopper which will give the stricken tax payer needed relief, Congressmen should be hearing "from home" in volumes of mail supporting the Sadlak bill. Certainly it deserves quick action, and early public hearings in Congress!

## REMEMBER WHEN

May 4, 1907

The colored folks of Castroville enjoyed a pleasant hop at the old courthouse Saturday night.

Deer season will be open from Nov. 1 to Jan. 1, with a limit of three bucks in one season. Misses Sadie Tilley and Minnie Tilley are here from Devine taking the teacher's examination.

Paul Reinhardt was here this week attending court.

Hear State Evangelist Boggess and his singer at the tent.

John G. Brucks of Verdina, was in New Fountain the other day.

May 5, 1917

A regular meeting of the Masonic Lodge will be held at their hall Saturday night.

Mrs. Delilia Thompson of Stockdale, was the guest of her sister, Mrs. E. B. Schneider, this week.

Herman Weyand was a business caller at this office Saturday.

Miss Dora Mae Wilson of Yancey, was here Wednesday.

Lazy liver is spring fever. Herman, Otto and Max Bippert were in San Antonio Sunday.

Miss Florentina Keller of LaCoste, spent the week here as the guest of Misses Annie and Tina Rihn.

Otto Haegelin was a LaCoste visitor one day this week.

April 30, 1927

The largest class in Hondo High School's history will be given diplomas May 20, when a class of 24, ten boys and 14 girls, finish their school careers.

Dr. T. B. Knopp, district vice-president of the Boy Scouts, went to Crystal City Wednesday to attend a meeting of the executive committee.

Oscar Bader of Hondo, was in Castroville Wednesday.

M&M Hy Biry and children spent Sunday at Castroville.

Mrs. Louis Carle Sr. returned home Sunday after a visit in San Antonio.

M&M Irvin Hartung and Alvin Hartung spent Thursday morning at Hondo.

Julius Rihn spent Saturday in San Antonio.

M&M C. A. Posch and son James, spent Saturday at Devine.

Tax Assessor Lou E. Heath was in Yancey Saturday, winding up assessments for 1927.

April 30, 1937

Mrs. George Leinweber was a business caller at this office Monday.

The D'Hanis-Hondo baseball club was defeated by Pearsall Sunday in a game played at D'Hanis.

Joe Gross was at LaCoste Wednesday from his ranch below D'Hanis, on a visit with his father, R. Gross, and M&M Louis Gross and son.

M&M A. R. Schott were visiting in San Antonio Saturday.

Howard Haby was in Quin Saturday night.

The Owls had to overcome a two-run lead made off Grell in the second inning before they went on to defeat Dilley last week 6-2.

Ben Groff and Delta Schlameus went to the ballgame at D'Hanis Sunday.

Miss Jean McCall of Hondo, was elected president of the volunteer Band of the Baptist Student Union at Mary Hardin-Baylor College last Saturday.

Mrs. August Mechler is spending this week with her daughter, Mrs. Paul Christilles and family at LaCoste.

May 2, 1947

A. G. Hollaway of the Hollaway Flying Service, near Hondo, completed arrangements with the city of Hondo this week for a hangar at the airfield to house his flying schools and charter service, thereby becoming the first contractor to occupy the field.

The Hondo Anvil Herald was judged best all-around newspaper in its class in South Texas at the annual meeting of the South Texas Press Association in San Antonio last weekend.

Bill Holloway, University of Texas student from Hondo, has been named one of our students to receive the college's highest award, membership in Friar's, oldest honorary society on the campus.

Dr. J. D. Williamson has been elected first president of the Castroville Lions Club as final forming of that organization was effected Thursday night.

Hugh Meyer has moved to San Antonio where he is employed with an oxygen company.

Hugo Haby was a business visitor in Castroville Saturday.

### NEW CAR REGISTRATIONS

Albert D. Elkins Jr., San Antonio, Chev. two door.

Valentin Daniel, Eagle Pass, Chev. two door sed.

Keith Gallagher, Houston, Ford two door.

## SMALL DAMS FOR TEXAS CONSERVATION

The state's tremendous land and water resources — ill from many years of neglect — are getting a good "shot in the arm" from the various Soil Conservation Districts.

Hundreds of small dams, known as retention reservoirs, have been constructed on upstream tributaries in major Texas watersheds. Many others are planned in conjunction with large downstream reservoirs.

These upstream water retention structures are beginning to dot the countryside. In some areas, they can be seen from the highway. They might appear, at first, to be an exaggerated "Texas-Size" stock tank.

The small dam projects have a three-fold purpose: Prevent flash floods, conserve water and stop soil erosion.

Thousands of acres in lowland areas have been available for crops and pastures because the retention structures have eliminated seasonal flash floods.

SCD co-operators in the area, through proper land treatment on farms surrounding the reservoirs, help preserve every rain drop that falls. They

also assist the Soil Conservation Service in obtaining necessary easements for proposed reservoirs.

The dams, when constructed, remain the property of the landowners. Recreational facilities have been set up by many owners. And irrigation has been applied to small, adjoining crops.

The structures are designed to release excessive water downstream at a slow rate, thereby putting into practice the idea to "make water walk, not run." When a flash flood strikes, the reservoirs catch the water and release it very slowly.

Completion of all the planned small dams will, in the future, tend to stabilize the flow of large creeks and rivers — providing more dependable, year-round surface water supplies.

All Texans should be proud of the locally controlled Soil Conservation Districts SCD boards of supervisors and the farmer-cooperators are far-sighted, progressive leaders. They have recognized that, as the soil goes, so goes the nation. And they're doing something about it.

## fletcher davis

QUOTES SOME TIMELY OBSERVATIONS

AND OFFERS ONE

OF HIS OWN

Under the admonition to "Pause For Reflection", Columnist James C. Ingebreten offers in the Mississippi Summit Sun the following thoughts:

Sen. Mundt (Rep. N. D.), member of the Special Senate Investigating Committee digging into union labor racketeering, reportedly said recently: "We should have legislation that insists that where a working man is forced to join a union he should have a free and open voice in the conduct of union affairs."

But why should a working man be forced to join a union in the first place? Can such compulsion be justified by any Christian or traditionally American standard? Is it Constitutional?

What good does it do to pile law on law if the foundation statute is unjust?

Sen. Goldwater (Rep., Ariz.) assertedly declares that, for his part, compulsory unionism is the breeder of all labor's troubles. And in my opinion he is right. Compulsory unionism not only deprives millions of people of their God-given and Constitutionally-guaranteed freedom but provides for the men at the top such power and such access to huge funds as to practically guarantee that corruption will ensue.

Instead of more laws, what we need is repeal of those laws that make compulsory unionism legal. If unions had to rely for their continued existence on completely voluntary membership, who can doubt that there would be within their little indeed for a Senate

Committee on racketeering to investigate?

FD

And apropos of the prevalent "Delusions of Grandeur", Columnist E. F. Hutton, through the same medium, admonishes us to "Think It Through" as follows:

How can Uncle run the world when he can't make his own Post Office Department pay its way?

How can Uncle run the world when he can't maintain the value of his own money, now at an all-time low?

How can he run the world when he can't even begin to pay his debts during the biggest boom years in history?

How can he look after other folks when he can't protect his own folks from strikes that tie up every ship in our ports?

How can he make the world behave when he can't make a tenth rate power like Egypt open the Suez Canal to the ships of little Israel?

How can Uncle manage the underdeveloped areas of four continents when he can't run the affairs of his own American Indians with justice and decency?

We had a level-headed President once by the name of Benjamin Harrison. He said: "We hold no commission from God Almighty to be the world's policeman."

Uncle suffers from megalomania — delusions of grandeur. So did Napoleon Bonaparte, Alexander the Great and Caesar. Caesar was stabbed by his "friends"; Alexander's rebellious troops finally told him to lay off.

and Napoleon wound up in the hoose-gow at St. Helena.

Uncle has promised to defend 43 foreign nations, and Mr. Nixon has just given us the new continent of Arica to support.

FD

To which we will but add: wise are they who heed in time!

## Happy Birthday

Jo Sharp, April 27.

Mrs. Franklin Holubec, April 27.

Memory Krenmueller, April 30.

Riva Zenda Koch, May 1.

Eugene Byers, May 1.

Jonelle Wurzbach, May 8.

Mrs. A. A. Murrell, May 9.

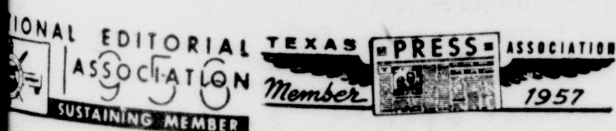

Thou wilt keep him in perfect peace, whose mind is stayed on Thee: because he trusteth Thee. — (Isaiah 26:3)

Peace of mind and soul is sought by millions of us these anxious days, in books, in talks with clergymen, in psychoanalysts' offices. These may help some unhappy souls in their search, but the Bible tells us where such peace may most surely be found.

## Texas Fights Cancer

(Editor's Note: This is the  
third in a series of articles on  
Cancer to appear in the Herald.)

A Baltimore cancer researcher  
found that he could grow polio  
virus in human cancer cultured  
in laboratory dishes — a good  
way to produce polio virus for  
experiments. Polio destroyed the  
cancer growth.

A Texas woman scientist won-  
dered: "If polio virus destroys  
cancer growing in laboratory  
dishes, what does it do to cancer  
growing in humans?"

She checked the health records  
of all polio patients and cancer  
patients in Harris County (Hous-  
ton) for several years back and  
found only one person who had  
both polio and cancer. The can-  
cer is considered by some to be  
a debatable one — a brain tumor  
called astrocytoma.

This may be significant.

If — a rather large if, it is  
too — if it turns out that polio  
virus destroys cancer in humans,  
hopelessly advanced cancer pa-  
tients might be experimentally  
treated with the virus.

Help Texas scientists fight can-  
cer. Address your contribution  
today to Cancer, in care of your  
postmaster.

### YANCEY NEWS

By Mrs. Harrison Wilson

M&M Vernon Hicks, Debby  
and Dorothy, left early Monday  
for their new home in Plain-  
view. Mrs. Hicks and the babies  
have spent the last three weeks  
with her parents, the W. S. Gar-  
netts, while he went on to Plain-  
view to find a home, returning  
Saturday for the family. The  
Hicks spent Saturday night and  
Sunday with his parents at Three  
Rivers.

Miss Rosalee Bohmfalk of San  
Antonio, spent the weekend with  
her parents, M&M Emil Bohm-  
falk.

Guests of the J. N. Wilsons  
Saturday were M&M Earl Berry  
and family of Kerrville, M&M  
Lawrence Wilson and family of  
Somerset, M&M Willard Wilson  
and boys of Freer and Mrs.  
Clyde Johnson and baby of Mich-  
igan.

We have had fine slow rains  
the past week amounting to 2½  
inches here at our place.

### Noonan-Pearson

By Mrs. Louis Stein

(Delayed)

The Friendly Ladies Club met  
with Mrs. Eddie Baker at Na-  
talia last Tuesday.

Mrs. Albert Tschirhart and  
Louis Stein were at Castroville  
Wednesday.

M&M Roy Tschirhart and fam-  
ily visited Mrs. George Echtle  
at the Castroville clinic Wednes-  
day.

Mary Ann, Betty, Jimmy and  
Gerald Tschirhart all spent  
Thursday in the Louis Stein  
home.

M&M Alex Tschirhart Jr. of  
San Antonio, spent the Easter  
weekend with M&M Alex Tschir-  
hart Sr.

Roy Tschirhart Jr. spent the  
weekend with his grandparents,  
M&M Albert Tschirhart.

Mrs. Albert Tschirhart spent  
Saturday afternoon with M&M  
Otto Nagelin at Castroville.

M&M E. H. Baker were at  
Castroville Saturday.

Gerald Tschirhart spent Tues-  
day in the Louis Stein home.

Mrs. Roy Tschirhart spent  
Tuesday with her mother in the  
Castroville clinic.

M&M Louis Stein were Hondo  
business visitors Monday.

Roy Tschirhart was at San An-  
tonio Monday.

Deanne, Stevie and Clyde Oe-  
finger of Dunlay, spent Sunday  
night with M&M Alex Tschir-  
hart.

M&M Ben Ruby were at Cas-  
troville Saturday.

M&M Roy Tschirhart and chil-  
dren visited with M&M Albert  
Tschirhart Monday evening.

### Rio Medina News

By Mrs. Clarence Huegele

(Delayed)

M&M Allen Huegele and  
daughter Shirley Ann, Shirley  
Ann Walker and Colvern Huegele  
left Monday for Barksdale AFB,  
La., where they will visit Major  
and Mrs. Vinson Huegele and  
son Vinson, and Mrs. O. W.  
Huegele will accompany them  
back home.

Mrs. Earnestine Pipes, Mrs.  
Stanley Becker and son were in  
Hondo Monday.

Arthur Haby Jr. has the Chick-  
en Pox.

M&M Gus Neumann and David  
spent Sunday in San Antonio.

Mrs. Fred Lieber and Mrs.  
Clarence Huegele and Morgan  
visited Mrs. Katie Hall Monday  
afternoon.

We have had 5.21 inches of  
rain this month and it is raining  
as I type this news.

## Miss Sienna Meyer Chosen To Attend Girls State School

In a recent contest held by  
the American Legion Post, Unit  
460, and the American Legion  
Auxiliary, to select candidates to  
Girls State and to Boys State,  
Miss Sienna Meyer, daughter of  
Mr. and Mrs. Harold W. Meyer  
of Castroville, scored the high-  
est number of points of six girls  
participating.

The contest, consisting of a  
quiz on Americanism, was open  
to all juniors in the vicinity of  
Castroville. The Girls State com-  
mittee, composed of Mrs. Mau-  
rice Rihn, chairman, Mrs. Rich-  
ard Schott, and Mrs. Lawrence  
Nuckles, worked with The Boys

State committee in arranging  
and conducting the contest,  
which was held April 10, at the  
American Legion Hall.

Girls State, sponsored annual-  
ly by the American Legion Aux-  
iliary of Texas, will be held at  
the Texas State School for the  
Blind, in Austin, June 10 through  
June 19. Its purpose is to edu-  
cate young women in the duties,  
privileges, rights and responsi-  
bilities of American citizenship.

Miss Meyer, a junior at St.  
Louis High School, is interested  
in art, and is a member of the  
Pep Squad and the Choral Club.

Miss Paula Rae Hoog, scoring  
second, will be the alternate.  
Daughter of Mr. and Mrs. Tho-  
mas Hoog, she is also a junior  
at St. Louis.

### HERE IN HONDO

M&M Lewis Gunstream and  
children of Orange, were Easter  
weekend guests of M&M Walter  
C. Gunstream and daughters.

## Does Your Insurance Program Really Fit . . .

... or does it bulge and sag in the wrong places and  
leave you with that uncovered, exposed feeling in  
others?

That "just right" feeling comes when your total  
insurance program has been "fitted" to meet your  
individual needs by your local Capital Stock agent.

His discerning and expert eye can point out gaps  
or overlaps in your program of which you may be  
completely unaware—until you suffer a loss.

You can be sure your local independent agent will  
place your insurance with SOUND, RELIABLE  
Capital Stock companies, the standard bearers of  
quality insurance for more than a century.

## You don't have to wait to travel "in space"

Ford's five new "space ships" are longer and lower than ever!  
They hold everything from a 7-foot boat to a whole gang of kids!

Ford wagons must love people! They never seem to get their fill  
of them. Small fry by the wagonload . . . cargo by the boatload  
... or big folks up to 9 strong—don't even crowd these handsome,  
nearly 17-foot long "yachts." Yes, anything goes in a Ford Station  
Wagon . . . and thanks to Thunderbird V-8\* "git," it goes like  
anything, too! If you like your GO in "sixes," choose Ford's Mile-  
age Maker Six, the most powerful six on the road!

And what a happy "double life" you'll lead!

A Ford Station Wagon can change its personality in as little as 3  
seconds flat! It's a glamour girl at the country club . . . a maid of  
all work at the country store. You can pick your Ford wagon with  
either two doors or four . . . seats for six or nine. And whichever  
you choose, you'll be getting America's favorite dreamboat at the  
down-to-earth Ford price.

## D'Hanis FHA Team Attends State Meet

Wednesday, April 24, was a day of rejoicing in D'Hanis for four girls, a chapter mother, and a sponsor. This was the day of departure for the State FHA meeting, which was held in Dallas April 26-27. They were Dorene Nehr, State Degree applicant; Ann Langfeld, Area VII Public Relations Officer; Dorothy Zerr, voting delegate; Joan Rieber, Chapter President for the coming school year; Miss Fred Boyce, sponsor; and Mrs. Henry Nehr, Chapter mother.

Miss Boyce was one to receive her State Honorary Membership. She was given an honorary pin and a certificate.

## Imported Fire Ants Hit Parts Of Texas

COLLEGE STATION, (Spl) — The imported fire ant, the subject of considerable discussion late in the U. S. congress, has been reported in Anderson, Tyler, Jasper, Newton, Hardin, Orange, Jefferson, Liberty, Chambers, Harris and Fort Bend Counties in Texas. This ant, according to Extension Entomologist F. M. Fuller, is a bad actor and the fire refers to its sting.

The ants are believed to have entered the U. S. as cargo stowaways from South America and have spread rapidly from the Mobile, Alabama area to other parts of the South by flying and crawling, by drifting downstream in logs, by travelling aboard cars, trucks, trains and airplanes and by being transported in nursery stock.

Once established, they seriously damage many vegetable crops by feeding on the young plants by softening the tender stems just below the soil and sucking the plant juices. They attack young unprotected animals, such as newborn calves and pigs and newly hatched quail and poultry. They are fond of quail and will enter the pipped eggs to get them. The ants often chase brooding hens from their nests and eat the chicks. Too, their mounds interfere with the harvesting of hay, silage or seed.

Imported fire ants distinguish themselves by the mounds they build, says Fuller. The mound of a new colony may be only a few inches high but as the colony grows, so does the mound. The average mound is from 10 to 12 inches high. They prefer open, sunny sites in pastures or uncultivated areas, but may be found just about any place.

Area treatment is the best solution to the fire ant problem. To treat one acre, Fuller says 40 pounds of 10 per cent chlordane or 5 per cent dieldrin or aldrin or 5 per cent heptachlor should be used. At the first sign of infestation, control measures should be started, says the entomologist, and this will mean treating the individual mound or mounds. The mound should be torn down with a rake or hoe, then from one to two cups of the above listed insecticides should be applied as dusts to the mound and a 10-foot area around it. Local county agents can supply additional information on this pest.

## SECO SAYS FARMERS NEED BEAN THAT GROWS INSIDE CELLOPHANE PAPER WRAPER

Editor's note: The Seco Philosopher on his Johnson grass farm has an unusual idea this week, probably on the impractical side.

Dear editor:  
Statistics don't mean much to me, I never have found it necessary to wait on Washington's figures on whether or not the cost of living has gone up to find out for myself, all I have to do is buy something and I know right off, but the other night I was reading in a newspaper which I'd been saving up to read a paper that long to produce it worked like mad to get out in 24 hours, but if you haven't heard some news, it's still news, even if it's seven days old — at any rate, about this article I was reading:

According to it, Washington has discovered that in the last 10 years food prices have increased 16 per cent in the store, while prices received by farmers or the food dropped 14 per cent.

In other words, farmers have been getting less for raising it, while retailers have been getting more for selling it, and this got me to thinking.

Now there's no use in blaming the grocery stores, they aren't making any more profit now than they did 10 years ago. The fault lies with the farmer.

His trouble is that he doesn't know how to grow beans for example in a cellophane bag. The ordinary farmer growing beans, he just grows them in the same old-fashioned way and delivers them to market, rattling around in the back of a truck or sewed up in a tow sack, and then's when things begin happening to the price, and by the time they get to the grocery shelf, the beans have shot up considerably in cost.

It's the cellophane bag that does it, and if farmers are smart they'll get the agricultural colleges to working on a bean that can come up and mature inside a bag, ready to stamp with the current retail price. Instead of working on varieties of beans that grow faster, are more drought-resistant, storm-proof, and uniform, what the college experts ought to be doing is perfecting varieties that'll mature inside 25-cent bags, 50-cent bags, \$1.25-bags, and on up, all ready

to put on a grocery shelf. The same thing is true of radishes, carrots, roasting ears, potatoes, tomatoes, etc.

The cost of getting a bean inside a cellophane bag is what's holding the farmer back.

Yours faithfully,  
J. A.

# Board of Education Considers Change

The State Board of Education will give consideration at its May 6 meeting in Austin to several proposed changes in accreditation standards for Texas high schools.

A 29-member Advisory Committee which has been studying the graduation requirements for Texas schools has recommended the changes. The chairman of the study, Cecil A. Morgan of Fort Worth, is also a member of the State Board of Education. Mr. Morgan said today that if the recommendations are approved in the present form, all accredited high schools will be required to make the following courses available every year or in alternating years, beginning in September, 1958:

Four units in English, three of which are required for graduation;

One unit in World History, one unit in American History, and one-half unit in Government, all required for graduation;

Four units in mathematics, including Algebra, Geometry, and General Mathematics, with two units of mathematics required for graduation;

Four units in laboratory science, including General Science, Biology, Chemistry, and Physics, with two units required for graduation; and

Enough elective units to make alternatives available to students.

No limitation is proposed on the number of elective courses a high school may offer, but the above list specifies 14½ units which every high school must make available and 9½ of these specified units will be required for graduation. In addition, each student must choose enough electives so that, upon graduation, he will have a minimum of 16 units over and above his credits in Health and Physical Education.

In addition to the specific unit requirements, the Advisory Committee recommended that high schools offer "an adequate program of health and physical education" and also a foreign language "if there is a demand."

The Advisory Committee proposed that the State Commission on School Accreditation be asked to determine the manner in which 2 units of vocational education courses might be substituted for one year of General Science. The Committee indicated that the "scientific concepts" contained in Vocational Agriculture, Vocational Homemaking, and certain Industrial Vocational Education courses would justify this substitution.

The Committee specified that the one-half unit in Government shall include an intensive study of the Constitutions of Texas and the United States.

The Advisory Committee recommended that the new requirements be introduced voluntarily by local school districts in September, 1957, and made mandatory for all schools beginning in the 1958-59 school year.

Among other recommendations presented to the State Board of Education for consideration were these:

All high school graduates should receive the same type of diploma, with each student's transcript serving as a record of accomplishments available to employers and college officials.

A maximum of one regular class period of the school day may be devoted to competitive athletics.

Of the basic 16 units for graduation, not more than two units (other than repeated courses) may be earned in summer school and by correspondence.

A comprehensive study of the high school curriculum should be made.

The curriculum study, if approved by the State Board of Education, would describe the approved courses offered in Texas high schools, determine which course should be added, dropped, or combined, and explore specific areas of the curriculum, such as health and physical education, in which practices differ widely among Texas schools.

# Field Crops, Grass Benefit From Rains

Recent rains over the Medina Valley Soil Conservation District have been very beneficial to field crops as well as tame and native grasses. Fair small grain and grain sorghum crops are assured in most areas of the SCD. However, a large portion of the 9 and 10 inches of rain which have fallen during the last week have been wasted; as was evidenced by muddy, flooding streams following each shower.

High intensity flash floods, especially in the Yancey, Black Creek, Biry areas, caused severe damage to terraces, diversions and waterways. Most of the structures that were the most severely damaged were newly constructed terraces, in which dirt was loose and unsettled. Needless to say, however, unprotected field, subject to outside pasture runoff were even more severely damaged. Many roads, culverts and fences were damaged in some areas of the District.

**Curving Contour Rows**

Curving contour rows full of water were in evidence in past fields in the SCD during the past week or so, thus making just a little more of the rainfall on those fields available for plant use rather than flood water.

Jimmy Heilman and Floyd Bader, each recently staked

# Soil Moisture Looks Good After Rainfall

By C. B. Gaston

Wednesday, April 24, the county agent and a group of 4-H Club boys were studying soil evaluation and dug some holes in plowed fields. It was found that on that date the moisture had penetrated to a depth of 16 inches.

This act was discussed with a group of farmers and George Koch said he was interested in seeing how far the moisture had penetrated on his land. He dug holes April 29, after receiving three additional inches of rainfall after the first tests. He found that on land that had received no treatment, the moisture was down 23 inches. On land that was subsoiled in 1952 the depth was 37 inches. On another plot that was subsoiled in 1952 and had clover growing on the land for three years since subsoiling, the poshole digger went down its maximum depth of 47 inches and the ground was still very wet.

This only proves the point that during the drought, farmers have been unable to do anything that will improve the soil condition and since we have had rains, farmers should make plans to grow some green manure crops this year and get them turned under to increase the water holding capacity of their soil.

For the past few years pecan trees have set their young nuts early and have been ready for spraying for the pecan nutcase-bearer by around April 25. This year the abnormally cold March and early April held back the trees and most varieties are just now reaching the point when they are ready for spraying. In checking trees, the time for spraying is when the tiny nuts have turned brown on the ends which signifies they have been pollinated.

A good spray material consists of three pounds 50 per cent wettable DDT, six pounds wettable sulfur and 100 gallons of water.

Many trees are affected by the disease, rosette, where the ends of the limbs die back during the summer months. This can be prevented by adding two pounds zinc sulfate to the above mixture. In spraying the trees be sure to have a sprayer that has enough pressure to force the material through the leaves and thoroughly wet the small nuts that have been fertilized.

The district contests for 4-H Club members was held at Alice last Saturday for our area. George Keith of Natalia won first place in boys public speaking and will represent this county at the 4-H Round-Up at A&M College in June.

Other boy winners were W. J. Schweers of Hondo who placed second in tractor operator's contest; Roger Bippert of LaCoste, Patrick Ahr of LaCoste, Ralph Beyer of Castroville and Carl Richter of Castroville, who placed second in Soil Evaluation for juniors; Donald Schweers of Hondo, Richard Schweers of Hondo, and George Gooding of Hondo, who placed sixth in senior Soils Evaluation.

# Five Hondo FFA Boys Appear On Television

Five members of the Hondo vocational agriculture III class appeared on their first television show two weeks ago.

One objective of FFA work in high schools is to develop rural leadership for boys in future life. Before the show, the boys stood in control rooms and watched a television program being produced. Five boys appearing on team were Henry Balzen and Wayne Balzen, welders; Richard Moos and John Batot assembled parts; and Clyde Bohmfalk served as spokesman for the team.

As an introduction to the program, a short film showing the high school buildings, J. G. Barry, superintendent of schools, and H. R. Burch, principal, was shown. Other shots in the film were made in and around the Vocational Agriculture Building. Bohmfalk, chapter president, and Joylene Tilley, chapter sweetheart, were shown in the film along with 15 other high school students. Hondo FFA advisor, John McAnelly, explained points of interest on the film and discussed the weather and gate building with the moderator.

The next Hondo television program should appear sometime during the summer or early fall. Boys who are now juniors will be featured on that program.

## D'Hanis News

By Mrs. Amos Finger

Guests of M&M V. M. Schultz and Virginia during the Easter holidays were their children, M&M I. D. Schultz of Amarillo, and Milton Schultz, student at TLC in Seguin. On Friday, they went to LaGrange, where they were the guests of relatives, and Saturday evening enjoyed a barbecue supper at Cuero with M&M A. Wolf, parents of Mrs. I. D. Schultz.

M&M John J. Nester and children spent Easter Sunday with Mrs. Nester's sister, Mrs. George Dzuik. J. B. Nester visited the Otto Nesters.

M&M Frank Newman of Yancey, spent Saturday with their uncle and aunt, M&M H. G. Rohrbach.

Roy Rieber returned to A&M College Monday after spending the Easter holidays with his parents. M&M Joe J. Rieber, Miss Joan Rieber visited her grandmother, Mrs. R. Hummel, while in Dallas during the State Convention of the FHA last week.

M&M Hilmar J. Koch and family were in Hallettsville, where they were guests of Mrs. Koch's mother, Mrs. Magdalene Grahmann, for Easter.

B. C. Bernard spent the Easter holidays with his parents in Austin.

Herman J. Ney, who suffered a severe injury on his eye, is back at work managing the D'Hanis Ice Station after spending a short time in a San Antonio hospital.

Mrs. Ervin Lutz has returned home from Hondo where she spent a few weeks in the home of her children, M&M Elton Lutz, following a surgical operation.

The following attended the Rohrbach-Storckford wedding at Bandera Saturday: M&M Ben Koch, Mrs. Ursie Turner, M&M M. E. Nester, M&M Joe Fillingim and August Koch.

M&M George Bichey and two children, Nancy Carolyn and Billy, arrived from Missouri to spend Easter with their parents, M&M Alfred Thompson, Roger Thompson of Austin, also spent last weekend at home.

M&M Eddie Ullman and children from San Antonio, visited with M&M Frank Surovik last Saturday.

Mrs. Lena Langfeld, Mrs. J. F. Kimmerly, Mrs. Joe M. Zinsmeyer and son, Mrs. Henry Langfeld, and daughter Barbara, attended the 50th wedding anniversary of M&M Guy Wilkerson in San Antonio Tuesday.

M&M W. W. Kellogg, visited with her children, M&M Glen Schafer and daughter Glenda, at Utopia Sunday.

M&M Fritz Bendele and family visited his mother, Mrs. Doris Bendele, and grandmother, Mrs. Fritz Rothe, last Sunday.

M&M John Rieber and Mrs. Walter Burrell and children visited at Knappa with Mrs. William Knappa Sunday.

M&M Curtis Jackson and son of San Antonio, were weekend guests of his parents, M&M Frank Jackson.

M&M Ben Haby and M&M Harry Haby and daughters Loretta, LaVerne and Dianna, were Sunday dinner guests of M&M Randolph Koch and R. J.

Due to bad weather, the Bino party which was to be held Sunday evening, April 28, at our Lady of Grace School, was postponed and will be this Sunday evening, May 5. Starting at 7:30 p.m. So folks: Don't forget the date and time.

M&M Oscar Hutzler and children attended the Scheel and Biederman wedding at New Braunfels Saturday.

M&M Richard Zinsmeyer of the Sauz Community, visited here briefly Monday with Mrs. Reba Keller.

Miss LaVerne Haby of Hondo, spent the weekend with her uncle and aunt, M&M Randolph Koch and R.J.

Douglas Charles, infant son of M&M Clayton Murphy of Kingsville, was baptized Sunday April 14. Sponsors were Mrs. Jerome Rihn of LaCoste, and Jerry Worthing of San Antonio.

M&M Joe Adams visited at Castroville Monday with Mrs. Elizabeth Adams and Helen.

M&M Ray Lagleder of Denton, accompanied by Louis Lagleder, who has been at Fort Sill, Okla. for several months, returned to his home Saturday morning. The Ray Lagleders also stayed over the weekend for a visit with M&M Alvis Lagleder and son George and M&M Louis Lagleder and family.

Miss Lucille Rihn and Mrs. Margy Blackley and son Bobby of San Antonio, visited at Spindletop with Mrs. Edwin Rihn recently.

M&M Johnny Yardly, Mrs. Cleo Yardly of San Antonio, and M&M J. B. Pate and children of Lytle, visited here Sunday with M&M Robert Grossenbacher.

M&M Edwin Rihn and daughter Loretta of Spindletop, visited here last Sunday.

M&M Elmer Jungman and Jacob Rihn visited in San Antonio Easter Sunday with Mrs. Lenora Zimmerman.

Glenn Keller and son Glenn Jr., Julius and Walter Stein Jr. of Rio Medina, visited here last Sunday with Mrs. Reba Keller and sons Leroy and Emmett.

Miss Lucille Rihn of San Antonio, visited her parents, M&M Edwin Rihn and family last weekend. She was accompanied back to San Antonio Sunday by Ray Respondek.

# Miss Nehr Awarded Highest FHA Degree

D'HANIS (Spl) — Dorene Nehr, junior student at D'Hanis High School, and daughter of Mr. and Mrs. Henry Nehr, was awarded the State Degree of a Future Homemaker of America, at the State Convention last week. The award is the highest honor a member can receive. Here is Dorene's own account of her achievement:

"The big thrill of the State FHA Convention at Dallas for me," says Dorene, "was to receive my State Degree. A State Degree Certificate along with a gold torch was presented to me during a special ceremony. I was very proud, since I was the only one from District I receiving this honor. Mine was the second State Degree received by the D'Hanis Chapter. Ann Langfeld received her degree last year.

"While working on my project, I learned more about my community and the people in it, and how to cooperate with them. I should like to encourage other Future Homemakers to work on the State Degree. I am sure they would benefit as much as I have from an unforgettable experience."

# Rain Reactions Are Mixed On Hondo's Main Street

By Don Wenzl

In the dustbowed mid-thirties, a fellow named Nolan wrote a song called "Cool Water." It's now a western classic, and has a couple of lines that go:

"O Lord, please give us rain, O Lord, where is your rain - and sunshine?"

In the space of two weeks, millions of Texans might have asked the same question as they viewed a state needing drought relief, suddenly become a flood disaster area.

What does it look like, and sound like as a drought (now hold your breath) is breaking?

Reactions in Medina county as seen and heard on the main street of Hondo are mixed.

Over a cup of coffee you hear that the scouts are looking forward to using a rope-swing high dive out at Tony Zerr's tank which has more water than it has had for the near lifespan of these kids.

A mail carrier tells you that corn out on his route is knee high, and that farmers have been trying to cultivate, but found it still too wet.

Native grasses and trees are greener than they have been in more than 300 weeks, as this land again looks like the oasis oldtimers talk about.

A farm equipment dealer in San Antonio says that he has bought machinery on the theory the seven year cycle is spent... and already he says his sales have justified his confidence.

How about local business? Those who take a hard look, say that the long term benefits will

ENGAGED — Mr. and Mrs. Olan F. Karm, son of Mr. and Mrs. P. Kosub of San Antonio, have announced the engagement of their daughter Winifred to

## Hondo Girl Honored At Ranch Dinner

M&M Robert Zuberbueher honored their daughter, Mary, on her First Holy Communion with a barbecue dinner Sunday April 28 at the ranch.

Those present were M&M W. G. Fohn and sons of Uvalde, M&M Herman Fohn and family, M&M Howard Rothe and family of D'hanis, M&M Lawrence Fritz of Dunlay and M&M Henry Stiegler and Karen of Hondo.

## Yancey Club Meeting Held At Wilson Home

The Yancey Home Demonstration Club met at the home of Mrs. Harrison Wilson Tuesday, April 23, with eight members and two visitors, Mrs. Arthur Wiemers and Mrs. John Forist of Dallas, and the Agent Mrs. Estrella Strayhorn present.

After a short business meeting, Mrs. Strayhorn's program and demonstration was on nutrition for the family and food food preservation.

The hostess served soft drinks and cookies to her guests.

## Sow Perennial Flowers When You Sow Vegetables

Throughout the year, perennial flowers provide the picturesque garden with its headline attractions — its tallest and largest show girls. And nearly all garden flowers that blossom in spring and early summer are perennials.

While many perennials will not "come true" from seed, and so are multiplied by dividing their roots, there is a long list which can be grown from seed as easily as radishes.

The time to plant these seeds is at the same time as the radishes, and right alongside them, if practical. They germinate best in the spring, being as hardy as oaks. With an early start they will be large enough to move to the garden border in the fall, and the following year will produce a full crop of blooms.

Cereopsis is Lovely Yellow Daisy.

If you wait until summer, as many do, the difficulties of germinating seed and growing these plants will be much greater, and the plants will have less time to grow up before winter.

Nearly all the perennials which can be grown from seed are native forms, collected originally as wild plants, and improved only by selecting the finest plants as seed parents. Those which are the product of hybridizing will seldom come true from seed; but there are exceptions, such as delphiniums and hollyhocks, which have been fully well fixed. Peonies and iris, by contrast, have never been true to seed in named varieties. Plants must be bought.

So there are relatively few new perennial varieties which you can

Delphinium is Star of June Garden.

produce from seed, but hundreds of lovely old ones, many in danger of being lost because the new generation of gardeners does not know their charm.

Columbines are much the same now as they were in grandmother's day, and there is no more beautiful flower. The blue anemones with forget-me-not flowers borne on tall spikes, look well with any other color, and make all other colors look better. Arabis, and cerastium, which bear dwarf clumps of white flowers in the border; anemones, yellow daisy; dianthus plumarius, the clove or grass pink; hesperis or sweet rocket, fragrant phlox-like flowers of white and lilac, borne in midsummer; hibiscus, the lovely blue linum, and lavender veronica, all these are flowers for the garden, not for cutting. They help enrich the beauty of the perennial border throughout the summer, each contributing its share to a beautiful whole.

Of these flowers you need many plants; and once they are established in your garden you will greet them with delight each year when they come to pay you a brief visit. They will grow so vigorously you must hold them in check, by digging up overgrown clumps and dividing them with your friends and neighbors.

ANVIL HERALD

## Rio Club Meets With Mrs. Daniel

The Rio Medina Home Demonstration Club met with Mrs. Ethel Daniel April 10 with seven members and one visitor, Mrs. R. V. Coleman of San Antonio, present. Roll call was answered by showing gifts that one might make.

Mrs. Louise Whitehead, council delegate gave a report on the last council meeting. The clothing demonstrator, Mrs. Earl Balzen, told how to remove all kinds of stains and gave some hints on pressing garments.

A game was played and prizes given. Ice cream, cake and coffee was served.

## Bride Elect Honored At China Shower

Miss Thelma Stiegler, bride elect of Claude Wengenroth, was complimented with a china shower by Mrs. Milton Renken in her home Friday night, April 26. Pink sweetheart roses were used in an arrangement on the television and pink sweet peas were used on the serving table. Individual pink heart shaped cakes and nuts were served and Mrs. Lloyd Wengenroth of Castroville, served coffee to the 14 guests.

## Party Given Couple, Yancey Man

M&M Alfred Brucks of Hondo, entertained with a surprise party Sunday afternoon, April 28, honoring John Bohmfalk of Yancey on his 75th birthday, and M&M Edwin Bohmfalk of Hondo on their recent marriage.

The table was beautifully decorated with the centerpiece consisting of Florida roses and Baby Breath. After the honorees opened their gifts, the group all joined in an old fashion song fest.

The hostess served refreshments consisting of different kinds of cakes, including a large wedding cake decorated with freshly cut flowers, with coffee, tea and punch to the following guests:

M&M Louis Bohmfalk, M&M Ervin Bohmfalk, M&M Douglas Bohmfalk and Gordon, M&M John Britsch, M&M Finnis Prescott and Jimmy, Mrs. Earnest Hartman, M&M Arnold Saathoff, Glenetta and Tony, M&M Edwin Bohmfalk, Alfred Brucks of Hondo.

M&M George Mechler and Terry of Castroville, M&M C. H. Hill and C. H. Jr. of Freer, Miss Jonell Wiemers of San Antonio, M&M Willie Faselier, Mrs. Alfred Wiemers, Mrs. Aubrey Evans, Mrs. George Heiligman, Rev. and Mrs. Smith, M&M John Bohmfalk, Shirley Jeanette and Sandra, of Yancey, and the hostess, Mrs. Alfred Brucks.

## Dorathy Leinweber Representative At Frontier Royalty

SAN MARCOS (Spl) — Dorathy Leinweber, daughter of Mr. and Mrs. F. J. Leinweber of Hondo, has been nominated for sophomore representative of the Frontier Royalty at Southwest Texas State College in San Marcos.

Southwest Texas has become partners with the San Marcos Chamber of Commerce; thus making this annual western celebration a joint college and town project for the first time.

Governor Price Daniel, U. S. Senate majority leader Lyndon Johnson son, House representative from this district Homer Thornberry, Olympic winner Bobby Morrow and western band leader Hank Thompson have been invited to join in the festivities May 1-3.

The Frontier Day Parade opens Thursday morning's activities. Fiddlers contests, beard contests, gay nineties contests and bathing beauty finals highlight the afternoon in the San Marcos courthouse square. Hank Thompson and his western band will play for the evening dance.

Extra emphasis has been placed on the royalty this year due to their scheduled presentation in Evans Auditorium Tuesday, April 30. A coronation will be held then along with preliminaries for the Miss SWT contest.

Royalty elections are slated April 25, 26. A Colonel and his Lady will be chosen from the senior class to rule over frontier festivities. The runner-up from the senior class will be the senior members of the western court. Each of the other classes will select a boy and a girl from their nominees to be crowned. A sophomore at the college, Miss Leinweber is a home economics major.

Miss Leinweber has also been nominated for Miss Southwest Texas of 1957 at the college.

Extra emphasis has been placed on the bathing beauty revue for choosing Miss SWT at the College this year. The event climaxes SWT's Frontier Day celebration of May 1 and 2.

Instead of running the contest

off in one day, the judging will be split. Preliminaries were held Tuesday, April 30, to highlight the coronation of Frontier Royalty. Finals were held the afternoon of May 1 on the courthouse square.

Judges include two faculty members, two representatives from downtown San Marcos and one representative from Camp Gary on the outskirts of town. She will represent the sophomore class in the contest.

## Mrs. Hutzler Hosts Biry Club

Tips on how to remove stains and take care of clothes was presented to the Biry Home Demonstration Club when the group met in the home of Mrs. Adolph Hutzler recently.

The meeting opened with the Texas Home Demonstration Association Creed, and four members answered roll call.

Mrs. Paul Bendele presented the council report. Club members completed Plan of Work Sheets.

Two games of bunco were played and prizes were awarded to Mrs. Jimmy Rihn and Mrs. Bendele.

## Quihi Youths Attend Conference

Four members of the Quihi LYO, Wayne Balzen, Henry Balzen, Emabelle Saathoff, and Judy Hartman attended a Spring Rally Sunday, April 28, at the Emanuel Lutheran Church in Business transacted in the meeting included election of 1957 federation officers and several amendments in the by-laws of the federation constitution.

It was announced that Leadership Training School would be held June 9-14. Two members of the Hondo LYO, Barbara Brucks and Masian Beyer, also attended the rally with the Quihi leaguers.

WED.-THURS., MAY 8-9  
"THE POWER and the PRIZE"  
with Robert Taylor and Elizabeth Mueller

This week, rain or shine we will have our belated Easter Egg hunt, in which you can find up to \$100 dollars worth of prize eggs. SO COME ON OUT.

Eight persons could be possible winners in the Calypso vs Rock and Roll contest last week. The following eight persons should call HA 6-8820 after 6 p. m. before Sunday to see if they are a winner:  
C. Rodriguez, D'hanis; Jo Beth Davis, Ruben Carres, Daniel Barrios, Dionicio Perez, Edia Harris, Lucy Sanchez and Mrs. Aurelia Barrios, Hondo. Winners will be announced next week.

## United Nation Group Studies Working Girls

As the Commission on the Status of Women opened its Spring conference at United Nations headquarters during March, it was prepared to cope with an important agenda item on the problems of women who work—especially older women. Documents awaiting discussion included recommendations in this field from a group of experts of the International Labor Organization, that are certain to arouse gratification among both men and women in the "older worker" category.

Ageing populations in the in-larly, and increased life expectancy are due to increase the complexities in this field, the ILO report emphasized. To meet this developing situation, the agency submitted a series of suggestions.

Studies should be made on various aspects of employment of the senior proportion of the working force, the ILO felt, to discover the effects of ageing on efficiency, adaptability, trainability, accident proneness, absenteeism, and sickness rates. Pension schemes should also be reviewed, with a view to minimizing the difficulties of older people in regard to employment.

One of their conclusions, almost certain to endear the ILO to the older worker, was that "all who can give effective service should be given the opportunity, without regard to age". Another was to endorse consid-

eration by governments of the removal of age barriers of recruitment for civil and local government servants. A third advocated special attention to vocational guidance and counselling, vocational training, and retraining for older women seeking employment.

## Directors Reelected At Summer Meet

The two outgoing directors of the Summer Recreation Committee of Hondo, Mrs. Charles Hackebell and Bill Kelly, were reelected for another term at the meeting held Thursday night.

Other directors whose terms are not expiring as yet are Jack Hartung, Dr. E. B. Vincent, Dr. J. H. Jennings and L. E. Pope. There is enough money on hand to run the program this summer without a fund drive and tentative dates for the activities have been set as from June 30 through Aug. 2, five days per week. It has not been determined whether the program will be a half day or whole day affair.

Bob Nations, who was Summer Recreation Program director last summer has stated that he is not applying for the position this year. Applications for the job may be made to L. E. Pope, with the applicant listing his name, age, qualifications and the amount of salary expected.

## Here In Hondo

M&M W. L. Saathoff honored their son A-3C and Mrs. Glenus Saathoff of Belleville, Illinois, with a barbecue dinner Sunday. Present were M&M Stanley Davis of Houston; M&M Robert Haby, M&M L. A. Saathoff, M&M Lynn Haby, M&M William Schulte, Miss Roberta Haby and Miss Elizabeth Davis.

## Rio Medina News

By Mrs. Clarence Huegele

There isn't much news this week as we had so much rain people didn't venture away from home.

We had 4.57 inches of rain since April 22. The Medina River is flowing about normal flow and the creek below our house, called Mosquite, was very high at several times and a large hole is washed out in the road. At times when the water was high, cars couldn't see the wash out and would drive into it; luckily no damage was done. One pickup was washed off the road into a gully when trying to cross while the water was high and the driver had to abandon it until the next day when a kind neighbor pulled it out with his pickup.

A cute joke I heard the other day while I was shopping in the grocery store: Two men were talking about the weather and one asked the other if the frogs were croaking at his place. The other replied, "Oh sure, they have croaked so much that they have large blisters on the outside of their throats."

Our butcher has two small sons and they asked their Dad what is that that is going "awk, awk?" Their Dad said that it was frogs and they asked "what kind of an animal is that?"

A. C. Wurzbach II and Frank Clark spent the weekend in Monterey, Mexico.

M&M Olen Haby and sons spent Friday afternoon with M&M Maurice Nester and family at D'Hanis.

Mrs. Clarence Huegele and Mrs. Quintin Haby and son Lyle were in San Antonio Tuesday. They were accompanied home by Colvern Huegele who with the A. T. Huegele's had just returned from Louisiana.

M&M O. E. Hoese and daughter of San Antonio, visited Mrs. Theodore R. Wurzbach and family Friday night.

## Quihi League

## Holds Meet April 22

The Quihi Luther League met for its regular meeting and social hour April 22 at 7:45. Members of the Hondo Luther League were guests. There were 22 members and 9 visitors present.

Kenneth Nietenhoefer called the meeting to order and Rev. Durkop opened with a prayer. The topic, "Building Our Future," was discussed by Rev. Durkop. The secretary and treasury reports were given.

It was decided that a number of our members would attend the Spring Rally, held at Seguin April 28. The meeting was adjourned, and volley ball and other entertainment followed. Refreshments were served by Arlen Graff and Kenneth Grell.

## What a pretty array for Mother

The most thoughtful way to express your greetings on Mother's Day or any occasion — is a gift of beautiful cut flowers—blooming plants and corsages.

## CORSAGES

to make the occasion special.

REMEMBER THE LADY IN YOUR LIFE with a fresh-fragrant, beautifully arranged corsage from our shop.

We are curious . . . we want to run a test to see how many people are interested enough in our ad to read the small print.

In order to accomplish this, we are going to give — and I mean GIVE one dozen carnations for the ridiculously low price of \$3.95 to the first 50 persons who come in and place their order before 6 p. m. Monday, May 6th, delivery to be made Friday, May 10th — just in time for Mother's Day.

Due to the low price, this will be strictly cash — however, free delivery will be made in Hondo.

## This Week --In Washington

By Clinton Davidson

The Fifth Amendment to the Constitution of the United States has become one of the most talked of and misunderstood issues in Washington.

It has become a shield behind which the guilty take refuge along with the innocent when questioned by congressional investigating committees. That isn't anything new, but it has attracted wide attention recently.

Article V of the amendments to the Constitution reads in pertinent parts: "No person shall be held to answer for a capital, or otherwise infamous crime, unless on a presentment or indictment by a grand jury... nor shall be compelled in any criminal case to be a witness against himself."

Those who wrote the amendment undoubtedly had in mind exemption from self-incriminating testimony in the courts. But, the same privilege is granted before congressional committees.

Witnesses who plead the Fifth Amendment act within their legal, if not their moral, rights. Unfortunately, committee counsel seem to challenge that right when they emphatically "direct" and "demand" that the witnesses answer.

Because of the wide publicity in the newspapers, and over radio and TV some of the investigations take on the appearance of a trial rather than a fact-finding inquiry. The public sits as the jury and renders a verdict by public opinion, often on accusations rather than evidence.

That is not to suggest that such hearings be held in secret. They are on matters of public interest and the public is entitled to know how the affairs of government are conducted.

Frequently, during the past 50 years public opinion has been formed and a verdict rendered before a man has had full opportunity to defend himself in court. Months later, after trial, no court opinion can completely nullify public opinion, often formed on insufficient evidence.

There can be no question but that congressional committees have full authority to conduct inquiries to obtain information for the guidance of Congress in enacting legislation. They do not, however, have judicial powers.

The framers of the Constitution wisely separated the government into three distinct branches—the legislative, the administrative and the judicial. The courts sometimes have been accused of attempting to legislate by judicial interpretation, but Congress should not fall into the error of holding trials under the guise of legislating.

There is a temptation to judge a man as guilty who invokes the Fifth Amendment before a congressional committee. The courts make no such assumption. The public, also, should withhold judgment until all the facts are available.

However odorous and reprehensible the character and conduct of a witness may be, either before a congressional committee or a court, the right of the protection of the Fifth Amendment is undeniable. In law it cannot be construed as a plea of guilty.

The repugnance honest people feel when witnesses hide behind the Fifth Amendment should not tempt us to conclude that the Amendment is unwise. The fault is not with the Amendment, but with those who use it to thwart the legitimate purposes of Congress.

## PERSONAL APPEARANCE

By Jerry June Berger

Driving home from San Antonio Saturday afternoon, we saw a poor, confused sea gull flying around close to the GEORGE MECHLER place out the other side of Castroville. Presumably it had seen so much water standing in the fields that it flew all the way up from the coast.

If that happens to be one of those Corpus Christi sea gulls that gets fed a lot of shelled, parched peanuts by gulf coast visitors, he'll have a mighty hard time making a living up here. Course now, if he can adapt himself to eating carrots and other vegetables he'll have a hey-day around those Belgian farmers places.

That will be one GULLible gull if he thinks he can find fish in these rain soaked fields though.

We saw something else from the coast that made us sit up and stare this weekend too—the BADGETT QUADRUPLTS from Galveston. They were guests at the same La Villita party that we were Friday night and we could hardly take our eyes off them.

Seeing them is just like seeing four of the same person and they are mighty easy to look upon. Eighteen years of age, they are small in build—about the size of RUTHIE CROW. They were dressed alike that evening, but ordinarily they do not do this—preferring most of the time to dress individually. Even dressed differently they would be as alike as the proverbial peas in a pod and just a lot more fascinating than that green legume.

Talking with MRS. E. J. WILLIAMS Monday morning we found that she thinks their family is not very newsworthy in that they seldom go places. However she did say that they would be real gadabouts Saturday night and drive all the way out to the armory at the edge of town to take in the Fireman's Carnival and she added, "Tell everybody to do that." So, we're telling you.

Mark the 4th on your calendar and help the Fire Department—they'll not fail to help you if the occasion ever arises.

## Six Cubs Receive Promotions

Six boys from Cub Scout Den 1 of Pack 192 received advancement in rank at their pack meeting at the Methodist Church Monday night. They were Eddie Berger, Bradley Benedict, Larry Bybee, Joey Hollaway, Chris Porter and Chris Rath.

From den 2, four boys were advanced. They were Bill Strait, Mike Jesse, Sammy Bybee and Wayne Schlentz. Mike House from Den 3 was also advanced and Johnny Zerr, den chief, was awarded an appreciation certificate.

Randy Dodds was given a Bobcat pin.

The annual cub scout picnic has been set for Monday evening May 20 at 6 p.m. on the Hondo Air Base picnic grounds.

New den mothers announced for next year are Mrs. Leo Heirman, Mrs. Jack Winkler, Mrs. Jimmy House and Mrs. Bill Berger.

real rain when it comes to greening up gardens.

And the flowers and shrubbery are looking so healthy too. Fact is, MRS. A. J. BARTHOLOME has a rose bush that makes the neighbors see double. The blossoms, a vivid velvety red, have been opening up in a adjoining buds from single stems that give them the appearance of twins.

Two 1952 graduates of Hondo High are embarking on new careers up in Kansas City, Mo. SHIRLEY BRADEN and MARY ANN HEILIGMAN, both of whom have been employed in San Antonio for several years, are now undergoing training at an airline school and on completion of the six weeks course will be assigned by various airlines to office work or as stewardesses, depending upon their qualifications.

Both were home visiting their parents, the BILL BRADENS and ANTOINE HEILIGMANS, part of last week and left Friday from San Antonio.

To those of you who haven't seen SHIRLEY in a long while, you're in for a surprise. When she graduated from high school she weighed 180 pounds. She now weighs a trim 120 and has a 24-inch waistline—how is that for effective dieting?

## County Dress Revue Set For Castroville

By Mrs. Estella Strayhorn

4-H Club Dress Revue

The annual Medina County 4-H Dress Revue will be held in the Castroville High School auditorium from 2 to 4 Saturday May 11. Girls will commentate and model by age groups. All 9, 10 and 11 year old girls will be judged before Saturday. Those older will be judged and will model for the judges on Saturday.

To be eligible for district competition, a girl must be 14 years old as of Jan. 1, 1957, be a club member for three years and participate in the county review on Saturday afternoon.

Clothing Workshop Meeting  
A meeting will be held in the County Home Demonstration Agent's office Monday, May 13 at 1 p.m., to start a workshop in clothing for commissioner's precincts number 1 and 3. If there are any interested in taking the course, they will need to attend. Those taking clothing in these sessions must enroll four women to teach. If interested, come or call.

Home Demonstration Council  
County Home Demonstration Council meets Monday, May 13 in the Hondo office at 2 p.m.

District Contests in Alice  
Mrs. Ray Keith, Mrs. H. R. Black, and the home demonstration agent accompanied Beverly Flack, Sonia Pruitt, Ann Skarda, Mary Griggs, Mary Ann Mangold, Donna Fluegge and Barbara Hurry to Alice for District 12 contests Saturday. Donna and Barbara placed second in the Safety Contest; Mary and Mary Ann placed third in Share-the-fun.

Although Beverly and Sonia didn't place in the Electric contest, they gave a good demon-

## ABOUT YOUR HEALTH

A weekly public service feature from the Texas State Department of Health, HENRY A. HOLLE, M.D., Commissioner

AUSTIN — Between now and fall, insecticides in back yard gardens will fog the air like smoke as the annual battle between gardener and garden pests is joined in earnest. Farmers will fight with spray planes and aerial mists as a summer sun brings maturity to insect-vulnerable field crops.

Inevitably, the insect will lose. A single breath of lethal spray, a single drop on his tiny body, a single bite of spray-covered green and his doom is sealed. He has a single consolation — a grim, but satisfying one: his executioner, being human, is liable to the human disease of carelessness. Which could mean that the man behind the spray gun stands a fair chance of being himself a victim of the very weapon he employs against the insects.

So it is that the executioner becomes the executed. Modern insecticides and miticides — insecticides — allow slight margin for error. Improperly used,

## Settlement News

By Mrs. J. D. Schweers

This must be what's called the rainy season. Seems all creeks, and ditches are running from any small shower. Any little cloud has rain now. When you visit anyone, located between creeks, better make it short, or plan to stay over until creeks run down.

M&M J. D. Schweers visited Sunday with Mrs. Lina Fuos at Sturm Hill.

We had 1.30 inches Saturday and Sunday.

M&M E. A. Mechler of Castroville, visited Friday evening with M&M J. D. Schweers, but cut their visit short due to weather conditions.

Mrs. Louisa Burger was a visitor with Mrs. Lina Fuos, Mrs. Rolf Saathoff and Mrs. Lizetta Burger, several days recently.

Last Friday evening, M&M J. D. Schweers had a very pleasant and surprising call from their son, Clovis, and family at Mountain View, Calif. Clovis says, "You can truthfully call me Chief now." He got the notice that day that he had made Chief. Everyone sounded happy and thrilled about it. Even seven year old John says, "Grandmother have you heard my father made Chief?" Any grandma knows what a thrill it is to hear a "grandchild give you a question like that."

Robert, five years old, was also thrilled, but not too much to say. Main concern: "Grandpa is the red pick-up still running good?"

So all in all, everyone is happy about the Chief of the family. Chief, Mrs. and sons, have been at Mountain View, Calif., 13 months now. Clovis was aboard the U.S.S. Bon Homme Richard, from Aug. 12, 1956 to March 5, 1957.

### Jack Gray Mathis Admitted To Gonzales Center

GONZALES (Spl) — Jack Gray Mathis, seven year old son of Mr. and Mrs. Jack G. Mathis, Castroville, has been admitted to Gonzales Warm Springs Rehabilitation Foundation.

A non-profit, state-chartered center, the Foundation offers a fully-accredited program of physical medicine for handicapped children and adults. Each year hundreds of persons afflicted by crippling diseases and accidents benefit from the comprehensive medical program.

## Natalia Banquet Success

The Annual Natalia FFA Father and Son Banquet turned out to be the most successful banquet ever given by the chapter. There were more than 100 guests and chapter members present.

Guest speaker was F. B. Wines, assistant teacher trainer of Texas A&I College at Kingsville. Mr. Wines' speech gave an account of what a good FFA boy should be and do. After Wines' speech, B. C. McDonald made presentations. Those receiving certificates of appreciation were Cecil Willis, superintendent; A. P. DeMare, principal; John Taylor; G. M. Harrison; W. A. Mays; John Pritchard; Charles Thatcher; Lloyd Robbins; C. F. Fabish; and Joe Ramsey.

Boys in the chapter who won certificates of merit were James Strickland, Larry Stanfield, Robert Carroll, Billy Musick, Raymond Eacret, Linden Penland, Bill Kirby, Jimmy Putman, Dale Park, Bob Johnston, Gregorio Fraga and Ronnie Brazill. Bobby Putman was given the DeKalb Award medal and certificate.

Ramsey was made honorary member of the chapter this year. The Natalia FFA would like to express their thanks to the persons who helped make the Banquet such a success.

### BIRY NEWS

By Mrs. Adolph Hutzler (Delayed)

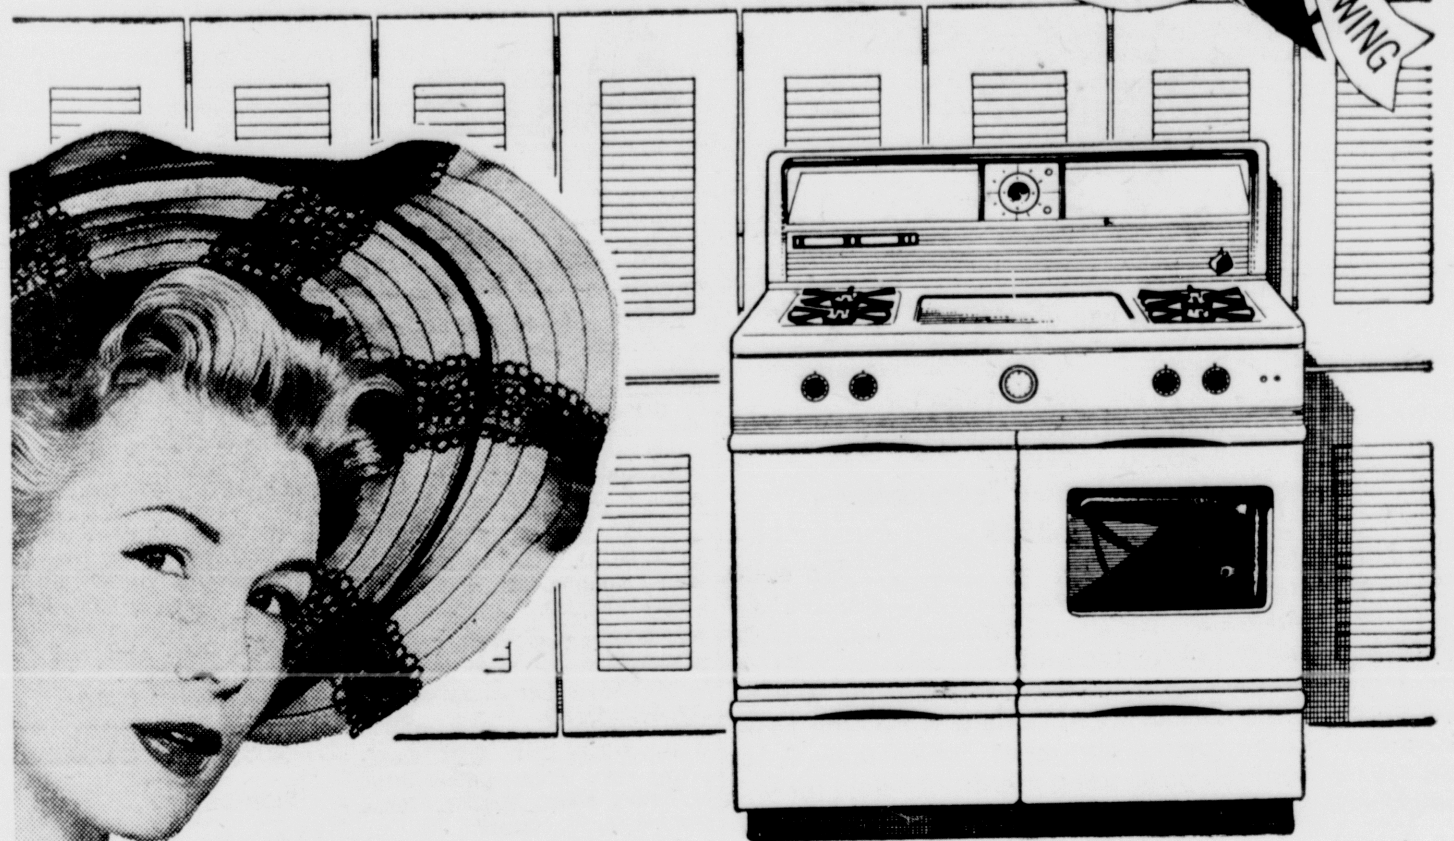

M&M Leroy Wernette and family of Robstown, visited Sunday with his mother, Mrs. Albina Wernette at Biry, and also with her parents, M&M Philip Jungman of San Antonio, Saturday.

## PRICE SURPRISE - and hit of the year to Drive!

Manufacturer's Suggested Price— for this 2-Door SPECIAL 6-Passenger Sedan

**2595<sup>83</sup>**

(Including Delivery and Handling Charges and Federal Excise Taxes)

Transportation charges, state and local taxes, if any, accessories and optional equipment, including Dynaflo transmission, radio, heater and white sidewall tires, additional.

WE SURE STARTED something when we began showing this price level in our ads.

That opened the eyes of thousands of people to the fact that you can buy a big and beautiful new Buick for hardly more than the price of a smaller car.

But the biggest surprise was yet to come: The discovery of a new kind of driving.

For in this completely changed Buick you have performance, ride, braking and handling like never before.

You boss a new and mighty V8 engine that sends a thrill of pure pleasure right up your spine. It has the "power-pack" built right in—and you don't pay a cent extra for it.

You command instant response from a spectacular new Dynaflo\* of such absolute smoothness and split-second obedience that you must try it to believe its wonders.

You have a new surety of control from the powerful new brakes, the precision-balanced new steering, the all-new, full-length torque-tube drive, the new "nested" ride and superb new roadability and the new low center of gravity.

The total experience is something you've never felt before in any other car—even former Buicks.

So go try it. Try the dream car to drive—that's priced to be a dream of a buy. See your Buick dealer today.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Check Lights—Steering—Brakes—Engine—Check Accidents

**Big Thrill's Buick** SPECIAL • CENTURY • SUPER • ROADMASTER — and ROADMASTER 75

When better automobiles are built Buick will build them

NOTICE VETERANS' LAND BOARD SALE

The Veterans' Land Board will receive sealed bids at the General Land Office, Austin 14, Texas, until 10 o'clock A. M., June 6, 1957, for fifty tracts of land located in various counties of Texas. Only eligible Texas veterans may submit bids.

Lists and other detailed information may be obtained from Earl Rudder, Chairman of the Veterans' Land Board, General Land Office Building, Austin 14, Texas. (5tc18)

CITATION BY PUBLICATION THE STATE OF TEXAS TO ANY SHERIFF OR ANY CONSTABLE WITHIN THE STATE OF TEXAS: GREETING:

You are hereby commanded to cause to be published once each week for four consecutive weeks, the first publication to be at least twenty-eight days before the return date thereof, in a newspaper printed in Medina County, Texas, the accompanying citation, of which the herein below following is a true copy. CITATION BY PUBLICATION THE STATE OF TEXAS TO, FRANCISCO ORONA, DEFENDANT, GREETING: YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Medina County, Texas, at the 38th Judicial District of Texas, at the Courthouse thereof, in Hondo, Texas, by filing a written answer at or before 10 o'clock, A. M., of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 10th day of June, 1957, to plaintiff's petition filed in said Court, on the 4th day of San Antonio, Texas.

### St. Louis School News

## Junior-Senior Prom Held At Koenig Park

The 1957 Junior-Senior Prom of St. Louis School was held at Koenig Park April 24. The theme, "Underwater", was carried out to perfection. Much care was given to include everything one would hope to find when donning a diver's mask and walking on the bottom of the sea.

First, upon entering the hall you stepped through the "hull" of a Spanish galleon that sank in the 16th century, the chest of gold still intact. Paintings of sea life decorated the entire hall and streamers of moss drifted overhead.

The cherry punch and snow-peaked cake emphasized class colors of white and red, class flowers red and white carnations. Music was by Bitz Matheny's band.

Members of the junior class are the following: John Bippert, A. J. Bourquin, John Brieden, Royce Groff, Kay Haas, Eleanor Haby, William Haby, Gerald Holzhaus, Paula Ray Hoog, Janice Kempf, Bryan King, Wayne Marty, Carl Mangold, Sienna Meyer and Mary Tschirhart.

Chicken Dinner The freshmen and sophomores entertained the seniors with a chicken dinner, served in the

## Bond Sales Total Is Lagging

Texas ranks twentieth in the nation in percentage of Savings Bonds quota attained. Sales during March amounted to \$13,995,446. This announcement came from Nathan Adams and Ed Gossett, Chairman and Co-Chairman of the State Bond Program.

During the first quarter of 1957 Texas had achieved 23.4 per cent of its 1957 bond quota. Total sales for the first three months of this year were \$45,160,721. Sales in Medina County amounted to \$36,113 during the first quarter which was 16.2 per cent of the 1957 quota of \$222,410, according to Frank X. Vance, Chairman. "The month of May, 1957 has been designated Minute Man Month in Texas and across the nation. During May special emphasis will be made to remind all citizens that for their own future security and the future security of the United States everyone should invest regularly in U. S. Savings Bonds — the safest investment in the world today," Vance stated.

### Here in Hondo

M&M Elton Leinweber and children will make their home in Castroville for the next few months. Mr. Leinweber has been attending a cash register school in Dayton, Ohio. They will eventually make their home in San Antonio.

### Castroville News

Easter dinner guests in the home of the Ethel Corder family were, M&M Clyde Clayton and children of Del Rio, Elroy Tschirhart of Corpus Christi, Omer Tschirhart, Mrs. Bonnie Miller and daughter, and M&M Julius Tschirhart, all of Castroville.

January, 1957, in this cause, numbered 4899 on the docket of said Court and styled Rosa Orona, plaintiff, vs. Francisco Orona, defendant.

A brief statement of the nature of this suit is as follows: It is a suit for divorce based on the grounds of cruelty, and plaintiff is asking for the care, control and custody of Francisco Orona, Jr., a child born to the marriage of plaintiff and defendant; and asking the Court to require the defendant to pay a monthly sum to plaintiff for the support and maintenance of said child born to said marriage. All as is more fully shown by Plaintiff's Petition on file in this suit. If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as required and directed by law.

ISSUED AND GIVEN under my hand and the seal of said Court at Hondo, Texas, this 23rd day of April, 1957.

ATTEST: Emil Britsch, Clerk of the District Court of Medina County, Texas. (4tc17)

#### CARD OF THANKS

F. F. Neeseta, retires after twenty years served you and Lutheran Mutual Life Insurance Co. I wish to express my appreciation to all of you good people for kindness and faithfulness. F. F. Neeseta, 1527 Schley Ave., said Court, on the 4th day of San Antonio, Texas.

**ABOUT YOUR HEALTH**

A weekly public service feature from the Texas State Department of Health, HENRY A. HOLLE, M.D., Commissioner

**AUSTIN** — If you think "mental illness" and "emotional disturbance" are one and the same thing, you're like most people. But you aren't necessarily correct in your opinion. That's why, especially since this is National Mental Health Week, the difference between the two expressions should be cleared up.

It is a matter of degree. Mental illness is generally considered severe enough to require hospitalization and a regimen of treatment, often for long periods.

On the other hand, many people have emotional disturbances which temporarily affect their mental health. Proper professional help can prevent the trouble from progressing into something more serious requiring hospitalization.

It is in providing this professional help that psychiatric out-patient clinics prove their worth. There are 18 such clinics in Texas. There is a great need for many more.

Clinics are currently operating in Austin, Corpus Christi, Dallas, El Paso, Fort Worth, Galveston, Houston, and San Antonio. The address and telephone number of each is listed in the city telephone directory.

The first comprehensive look at the services rendered by clinics has recently been completed by the State Health Department's Division of Mental Health. It shows that in one year more than 2,400 people — 95 per cent of them from urban areas — were given psychiatric help, visiting clinics for consultation and returning home afterward. And since each patient was a member of a family, the relief of his distress meant happier relationships for the entire family.

Most children patients in the group were diagnosed as having personality problems — such things as social conduct and habit difficulties. The bulk of mental deficiencies were also found in this age group.

Among adults, the most common diagnosis are personality disorders exclusive of alcoholism or drug addiction. Few psychotic disorders are seen, but when they are most of them are schizophrenic ("split personality") reactions.

Boys and girls do not differ substantially so far as diagnoses are concerned, but of patients under 18, boys outnumber girls by almost twice. Clinic costs per patient range from an average of \$99.41 to \$272.24.

Nearly three-fourths of all patients were considered "improved" after clinic treatments, a fair gauge of their true worth to the Community.

Mental Health has become the nation's Number One concern. At least nine million Americans are now suffering from a mental disorder. The cost to taxpayers: more than \$1 billion a year. More psychiatric outpatient clinics high cost in dollars — and in human unhappiness.

**LACOSTE NEWS**  
By Mrs. Ida Jungman

M&M Alex E. Jungman, Sr. of here, spent Friday in San Antonio with the Charles Embry family.

M&M H. Bru Miller and children, and Mrs. Helen Miller of Hondo, were visiting in San Antonio Saturday with M&M M. A. Mechler and were joined later in the evening by Mrs. William J. Engelbrecht and sons.

**Settlement News**  
By Mrs. R. H. Bayer

The Bayer family drove to Seguin Sunday afternoon and returned their daughter Carmen, Louise Dobroth and Janice Domsch to Texas Lutheran College. It rained all the way there and on their way home they ran into one road block after another in San Antonio on account of flooded streets. After detouring a long way around, they finally got safely back home, thankful that they live on high ground. Quibi - Mrs. Sharp

M&M Henry J. Boehle were Sunday evening visitors of M&M Henry Loessberg.

M&M Edson Oeffinger visited M&M Alex Tschirhart Monday.

Our community has had from 8 to 10 inches of rain in the past week. Our news is scarce, but most of us were content to stay between the creeks if we could just manage to get home. The people who work in town spent much of their time wondering, "If I get in, will I get out or if I am out will I get in?"
